

# **WRITING WORKSHOP**

## **Practical Writing Skills**

"Practical Writing Skills" is a six-week workshop designed specifically for non-native speakers of English seeking to improve their college-level writing skills. Students will learn to recognize assignment requirements, organize their writing into the appropriate format, and use an American academic style and tone. The workshop will also focus on sentence and paragraph structure, word choice, vocabulary, and common grammatical errors. Participants are encouraged to bring their university writing assignments to the workshop in order to practice their new skills.
